**PROXY STATEMENT  
FOR ANNUAL MEETING OF STOCKHOLDERS  
TO BE HELD ON MAY 20, 2019**

**QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING**

**Why am I receiving these materials?**

We have sent you these proxy materials because our Board is soliciting your proxy to vote at the 2019 Annual Meeting of Stockholders, including at any adjournments or postponements of the meeting. You are invited to attend the annual meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below to submit your proxy over the telephone or through the internet.

We intend to mail these proxy materials on or about April 15, 2019, to all stockholders of record entitled to vote at the annual meeting.

**How do I attend the annual meeting?**

The meeting will be held on Monday, May 20, 2019, at 4:00 p.m., local time, at our corporate headquarters located at 5670 W. Chandler Blvd., Suite 100, Chandler, Arizona 85226. Directions to the annual meeting may be found on our website at [www.everspin.com](http://www.everspin.com). Information on how to vote in person at the annual meeting is discussed below.

**What am I voting on?**

There are three matters scheduled for a vote:

- Proposal 1, to elect the nine nominees for director named in Proposal 1;
- Proposal 2, to ratify the selection by the audit committee of the Board of Directors of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2019; and
- Proposal 3, to approve an amendment to the Certificate of Incorporation of the Company as described in Proposal 3 below.

**What if another matter is properly brought before the meeting?**

The Board of Directors knows of no other matters that will be presented for consideration at the annual meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

**What is the quorum requirement?**

A quorum of stockholders is necessary to hold a valid annual meeting. A quorum will be present if at least a majority of the outstanding shares are present at the annual meeting or represented by proxy. At the close of business on March 26, 2019, the record date for the annual meeting, there were 17,105,563 shares outstanding and entitled to vote. Thus 8,552,782 shares must be present at the annual meeting or represented by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy or vote at the annual meeting. If there is no quorum, either the chairman of the annual meeting or a majority of the votes present at the meeting or represented by proxy may adjourn the annual meeting to another date.

**Who can vote at the annual meeting?**

Only stockholders of record at the close of business on March 26, 2019, will be entitled to vote at the annual meeting. On this record date, there were 17,105,563 shares of our common stock outstanding and entitled to vote.

**Am I a stockholder of record?**

If at the close of business on March 26, 2019, your shares were registered directly in your name with our transfer agent, Computershare, Inc., then you are a stockholder of record. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or on the internet as instructed below to ensure your vote is counted.

**What if my Everspin shares are not registered directly in my name but are held in street name?**

If at the close of business on March 26, 2019, your shares were held in an account at a brokerage firm, bank or other nominee, then you are the beneficial owner of shares held in “street name” and the proxy materials are being forwarded to you by that broker, bank or other nominee. The broker, bank or other nominee holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct the broker, bank or other nominee on how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker, bank or other agent.

If your shares are held in “street name” through a broker, certain rules applicable to brokers will affect how your shares are voted in connection with the election of directors. If you do not provide your broker with instructions on how to vote your shares, your broker may not vote your shares except in connection with routine matters. The election of directors and the amendment to our certificate of incorporation are not considered to be a routine matters and your broker will not be able to vote on the election of directors or the amendment to our certificate of incorporation without your instructions. Accordingly, if your broker sends a request for instructions on how to vote, we request that you provide those instructions to your broker so that your vote can be counted. If you do not instruct your broker as to how to vote your shares with respect to the ratification of our independent registered public accounting firm, this is a routine matter and your broker will be able to vote your shares with respect to this matter.

**If I am a stockholder of record of Everspin shares, how do I cast my vote?**

If you are a stockholder of record, you may vote in person at the annual meeting. We will give you a ballot when you arrive. If you do not wish to vote in person or you will not be attending the annual meeting, you may vote by proxy, by telephone or over the internet. To vote by proxy on the internet, go to [www.proxyvote.com](http://www.proxyvote.com) to complete an electronic proxy card. To vote by proxy by telephone, dial 1-800-690-6903, the toll-free number shown on the proxy card, and follow the recorded instructions. Alternatively, you may complete, sign and return the enclosed proxy card using the envelope provided with the proxy card. If you vote by proxy over the phone or the internet, you will be asked to provide the control number from the proxy card. If you vote by proxy, your vote must be received by 11:59 p.m. Eastern Time on May 19, 2019, to be counted.

**We provide internet proxy voting to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers.**

### **If I am a beneficial owner of Everspin shares, how do I vote?**

If you are a beneficial owner of shares held in street name, you should have received a voting instruction form from the broker, bank or other nominee that is the record owner of your shares rather than from us. Simply complete and mail the voting instruction form to ensure that your vote is counted. Alternatively, if your broker provides telephone or internet voting, you may vote by telephone or over the internet as instructed by your broker or bank. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact that organization to request a proxy form.

### **How many votes do I have?**

On each matter to be voted upon, you have one vote for each share of our common stock that you owned as of the close of business on March 26, 2019.

### **What happens if I do not vote?**

#### *Stockholder of Record: Shares Registered in Your Name*

If you are a stockholder of record and do not vote by completing your proxy card, by telephone, through the internet or in person at the annual meeting, your shares will not be voted.

#### *Beneficial Owner: Shares Registered in the Name of Broker or Bank*

If on March 26, 2019, your shares were held, not in your name, but in “street name,” only your broker will be able to vote your shares. A “broker non-vote” occurs when a broker or nominee holding shares for a beneficial owner does not vote on a particular “non-routine” proposal, including the election of directors and the amendment to our certificate of incorporation, because the broker or nominee does not have discretionary voting power with respect to these proposals and has not received instructions with respect to these proposals from the beneficial owner (despite voting on at least one other proposal for which it does have discretionary authority or for which it has received instructions). Therefore, if you do not give your broker or nominee specific instructions, your shares will not be voted with respect to “non-routine” proposals.

The designations of the three proposals as “routine” or “non-routine” are as follows:

- Proposal 1, the election of directors, constitutes a “non-routine” proposal, and thus if you do not give your broker or nominee specific instructions, your broker or nominee will not have the authority to vote your shares with respect to the election of directors;
- Proposal 2, the ratification of the selection of Ernst & Young LLP, constitutes a “routine” management proposal, and thus if you do not give your broker or nominee specific instructions, your broker or nominee will nevertheless have the authority to vote your shares with respect to this proposal; and
- Proposal 3, to approve an amendment to our Certificate of Incorporation to amend the director removal provision as described in this proxy statement, we have been informed by the New York Stock Exchange that it will designate this proposal as a “non-routine” proposal, and thus if you do not give your broker or nominee specific instructions, your broker or nominee will not have the authority to vote your shares with respect to the amendment to our Certificate of Incorporation.

### **How many votes are needed to approve each proposal?**

The requisite number of votes to approve the three proposals are as follows:

- For the election of directors, Proposal 1, the nine nominees receiving the most “For” votes from the holders of shares present in person or represented by proxy and entitled to vote on the election of directors will be elected. Only votes “For” or “Withheld” will affect the outcome. Broker non-votes will have no effect on the outcome of the vote;
- To be approved, Proposal 2, the ratification of the selection of Ernst & Young LLP, must receive “For” votes from a majority of the shares present in person or by proxy and entitled to vote at the annual meeting. If you “Abstain” from voting, it will have the same effect as an “Against” vote. Broker non-votes (of which none are expected) will have no effect on the outcome of the vote; and
- To be approved, Proposal 3, to approve the amendment to our Certificate of Incorporation, as described in Proposal 3 below, must receive “For” votes from at least 66 2/3% of the shares issued and outstanding. If you do not vote, or “Abstain” from voting, it will have the same effect as an “Against” vote. Broker non-votes will have the same effect as “Against” votes.

### **How are votes counted?**

Votes will be counted by the inspector of election appointed for the meeting, who will separately count: for the proposal to elect directors, votes “For,” “Withhold” and broker non-votes; and, with respect to Proposal 2 and Proposal 3, votes “For” and “Against,” abstentions and, if applicable, broker non-votes.

### **What if I vote by proxy but do not make specific choices?**

If you complete the proxy voting procedures, but do not specify how you want to vote your shares, your shares will be voted “For” Proposal 1, the election of all nominees for director named therein, “For” Proposal 2, the ratification of the selection of Ernst & Young LLP, and “For” Proposal 3, the approval of the amendment to our Certificate of Incorporation. Your proxy will vote your shares using his or her best judgment with respect to any other matters properly presented for a vote at the meeting.

### **Can I change my vote after submitting my proxy?**

Yes. You can revoke your proxy at any time before the final vote at the annual meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may send a written notice that you are revoking your proxy to our Secretary (Everspin Technologies, Inc., Attn: Investor Relations, 5670 W. Chandler Blvd., Suite 100, Chandler, Arizona 85226).
- You may submit a properly completed proxy card with a later date.
- You may grant a subsequent proxy by telephone or through the internet.
- You may attend the annual meeting and vote in person. Simply attending the annual meeting will not, by itself, revoke your proxy. Remember that if you are a beneficial owner of Everspin shares and wish to vote in person at the annual meeting, you must obtain a valid proxy from the organization that is the record owner of your shares (such as your broker).
- If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

**What does it mean if I receive more than one set of proxy materials?**

If you received more than one set of proxy materials, your shares are registered in more than one name or are registered in different accounts. Please follow the voting instructions on the proxy cards in the proxy materials to ensure that all of your shares are voted.

**How can I find out the results of the voting at the annual meeting?**

Preliminary voting results will be announced at the annual meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

**What proxy materials are available on the internet?**

The proxy statement and Form 10-K (annual report to stockholders are available at [www.proxyvote.com](http://www.proxyvote.com)).

**When are stockholder proposals due for the next annual meeting?**

To be considered for inclusion in the proxy materials for our 2020 annual meeting, your proposal must be submitted in writing to our Secretary (Everspin Technologies, Inc., Attn: Investor Relations, 5670 W. Chandler Blvd., Suite 100, Chandler, Arizona 85226) by December 17, 2019; *provided, however*, that, in the event that the date of the annual meeting is held before April 20, 2020, or after June 19, 2020, for your notice to be timely, it must be so received by the Secretary a reasonable time before we begin to print and mail the proxy statement. Stockholders wishing to submit proposals or director nominations that are not to be included in our proxy materials for our 2020 annual meeting must do so no earlier than the close of business on January 21, 2020, and no later than the close of business on February 20, 2020; *provided, however*, that, in the event that the annual meeting is held before April 20, 2020, or after June 19, 2020, for your notice to be timely, it must be so received by the Secretary not earlier than the close of business on the one hundred twentieth (120th) day prior to such annual meeting and not later than the close of business on the later of the ninetieth (90th) day prior to such annual meeting or the tenth (10th) day following the day on which public announcement of the date of such meeting is first made.

You are advised to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

**Who is paying for this proxy solicitation?**

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees and Laurel Hill Advisory Group may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies, but Laurel Hill Advisory Group will be paid its customary fee of approximately \$6,000 plus out-of-pocket expenses if it solicits proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

**Whom should I contact if I have additional questions or would like additional copies of the proxy materials?**

If you would like additional copies of this proxy statement (which copies will be provided to you without charge) or if you have questions, including the procedures for voting your shares, you should contact:

Everspin Technologies, Inc.  
Attn: Investor Relations  
5670 W. Chandler Blvd., Suite 100  
Chandler, Arizona 85226

**JOBS Act Explanatory Note**

We are an “emerging growth company” under applicable federal securities laws and therefore permitted to take advantage of certain reduced public company reporting requirements. As an emerging growth company, we provide in this proxy statement the scaled disclosure permitted under the Jumpstart Our Business Startups Act of 2012, including the compensation disclosures required of a “smaller reporting company,” as that term is defined in Rule 12b-2 promulgated under the Exchange Act. In addition, as an emerging growth company, we are not required to conduct votes seeking approval, on an advisory basis, of the compensation of our Named Executive Officers (as defined in the “Executive Compensation” section of the proxy statement) or the frequency with which such votes must be conducted. We will remain an “emerging growth company” until the earliest of: (i) December 31, 2021; (ii) the last day of the fiscal year in which we have total annual gross revenues of \$1.07 billion or more; (iii) the date on which we have issued more than \$1 billion in nonconvertible debt during the previous three years; or (iv) the last day of the fiscal year in which we are deemed to be a large accelerated filer under the rules of the SEC.

Our Board of Directors currently consists of nine directors: Kevin Conley, Darin Billerbeck, Lawrence G. Finch, Ronald C. Foster, Michael B. Gustafson, Peter Hébert, Geoffrey Ribar, Stephen J. Socolof, and Geoffrey R. Tate.

The nominees proposed for election as directors are listed below. Directors elected at the annual meeting will hold office until the next annual meeting and until his or her successor is elected, or if until the director's death, resignation or removal. Each of Mr. Finch, Mr. Hébert and Mr. Socolof was initially appointed as a director by our Board of Directors prior to our initial public offering of our common stock, or IPO, pursuant to the terms of a voting agreement with our investors in effect at the time giving certain investors the right to designate persons to become directors. The voting agreement terminated upon the completion of the IPO in October 2016 and none of our stockholders have any special rights regarding the election or designation of members of our Board of Directors. Each of our directors, other than Messrs. Billerbeck and Ribar, were previously elected by our stockholders. Mr. Billerbeck was recommended to our Board of Directors for appointment as a director by a non-management director and was appointed as a director by the Board in August 2018. Mr. Ribar was recommended to our Board of Directors for appointment as a director by a non-management director and was appointed as a director by the Board in August 2018.

Each individual nominated for election has agreed to serve if elected. We have no reason to believe that any nominee will be unable to serve if elected.

The Board of Directors does not have a formal policy regarding the attendance of directors at meetings of stockholders, but it encourages directors to attend each meeting of stockholders.

## Nominees

**Kevin Conley** was appointed as a member of our Board of Directors in March 2017 and as our President and Chief Executive Officer in September 2017. In addition to Everspin, Mr. Conley is currently on leave from his position as an advisor with Seven Rocks LLC, a consulting company, which he founded as a partner in June 2016. From 2011 to June 2016, Mr. Conley served at SanDisk Corporation, a flash storage solutions company, as SVP & GM Client Storage Solutions and most recently as Chief Technology Officer, where he provided guidance to SanDisk's long term technology strategy. From 2009 to 2010, Mr. Conley served as VP Engineering for Corsair Components Inc. From 1993 to 2009, Mr. Conley served in various technology development and management roles at Sandisk Corporation. We believe that Mr. Conley possesses specific attributes that qualify him to serve as a director, including his intimate knowledge of Everspin as its President and Chief Financial Officer, and his knowledge and experience in the technology industry, which enable him to make valuable contributions to our Board of Directors.

**Geoffrey R. Tate** has served as a member of our Board of Directors since August 2009 and was appointed as our Lead Independent Director in December 2016 and remained in that capacity until March 2019. Prior to joining Lattice, Mr. Billerbeck served as the President and CEO of Zilog, which was acquired by IXYS Corporation in 2010. Before joining Zilog, Mr. Billerbeck served for more than 18 years at Intel in various executive and management positions, including Vice President and General Manager of the Flash Products Group. Mr. Billerbeck has also led several key engineering functions in the memory space, including Director of Design Engineering, Director of Packaging and Director of Operations. Mr. Billerbeck received his bachelor's of science degree in mechanical engineering from the University of California at Davis. Mr. Billerbeck brings highly relevant experience to our Board of Directors spanning microcontrollers, programmable logic and memory technologies along with that of a public semiconductor company CEO. Mr. Billerbeck's rich experience in memory, component and intellectual property will be a key resource as we grow the mainstream adoption of our STT-MRAM products into new markets and applications.

We believe that Mr. Socolof's financial, business, and investment expertise and his knowledge of our company enable him to make valuable contributions to our Board of Directors.

## **Board Independence**

Under the listing requirements and rules of The Nasdaq Global Market, independent directors, as affirmatively determined by our Board of Directors, must compose a majority of our Board of Directors. Under the rules of The Nasdaq Global Market, a director will only qualify as an "independent director" if, in the opinion of that company's Board of Directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board of Directors consults with the company's counsel to ensure that our Board of Directors' determinations are consistent with relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in pertinent listing standards of The Nasdaq Global Market, as in effect from time to time.

In addition, the rules of The Nasdaq Global Market require that each member of a listed company's audit, compensation and nominating and corporate governance committee be independent. Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act. To be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his capacity as a member of our audit committee, our Board of Directors, or any other Board committee: (1) accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

Our Board of Directors has undertaken a review of its composition, the composition of its committees, and the independence of each director. Based upon information requested from and provided by each director concerning his background, employment, and affiliations, including family relationships, our Board of Directors has determined that all members of our Board of Directors except Mr. Conley do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is "independent" as that term is defined under the applicable rules and regulations of the Securities and Exchange Commission, or SEC, and the listing requirements and rules of The Nasdaq Global Market. In making this determination, our Board of Directors considered the current and prior relationships that each non-employee director has with our company and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director. Our Board of Directors also determined that each member of our audit committee satisfies the independence standards for the audit committee established by applicable SEC rules, the listing standards of The Nasdaq Global Market and Rule 10A-3 of the Exchange Act. Our Board of Directors also determined that each member of our compensation committee is an "outside director" as that term is defined in Section 162(m) of the Internal Revenue Code of 1986, as amended, or Section 162(m). Our Board of Directors also determined that each member of the nominating and corporate governance committee is independent within the meaning of the applicable Nasdaq listing standards, is a non-employee director and is free from any relationship that would interfere with the exercise of his independent judgment.

## **Required Vote and Board Recommendation**

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote for the election of directors. Accordingly, the nine nominees receiving the highest number of “For” votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nine nominees named above. If any nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead will be voted for the election of a substitute nominee proposed by us. Each person nominated for election has agreed to serve if elected. Our management has no reason to believe that any nominee will be unable to serve.

## **THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” EACH NAMED NOMINEE.**

## **CORPORATE GOVERNANCE**

We have a set of basic beliefs to guide our actions, including the belief that business should be conducted with the highest standards of ethical behavior. This belief governs our interaction with our customers, suppliers, employees and investors. We are committed to continuously improve our governance process to meet and exceed all regulatory requirements.

### **Board Composition**

The primary responsibilities of our Board of Directors are to provide oversight, strategic guidance, counseling and direction to our management. Our Board of Directors meets on a regular basis and additionally as required. Our Board of Directors currently consists of nine directors. The members of our Board of Directors were elected in compliance with the provisions of our amended and restated certificate of incorporation. Our amended and restated certificate of incorporation permits our Board of Directors to establish by resolution the authorized number of directors. Each director serves until the expiration of the term for which such director was elected or appointed, or until such director’s earlier death, resignation or removal. At each annual meeting of stockholders, directors will be elected to serve from the time of election and qualification until the next annual meeting following election. Our amended and restated certificate of incorporation provides that the authorized number of directors may be changed only by resolution of the Board of Directors.

### **Board Leadership Structure**

Mr. Billerbeck, an independent director, has been our Chairman of the Board since March 2019. Prior to Mr. Billerbeck’s appointment as Chairman of the Board, we did not have a chairman of the board, as our Board of Directors had determined that it was sufficient to have a lead independent director and, effective December 16, 2016, the Board of Directors appointed Mr. Tate as its Lead Independent Director. As Lead Independent Director, Mr. Tate presided at all Board meetings, including executive sessions of the Board’s independent directors; consulted with our Chief Executive Officer in setting the agenda for Board meetings and on matters relating to corporate governance and Board performance, and performed such other duties as the Board delegated to him from time to time.

### **Role of the Board in Risk Oversight**

One of the Board’s key functions is informed oversight of our risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In exercising its overall responsibility to oversee the management of our business, the Board considers risks when reviewing our strategic plan, financial results, merger and acquisition related activities, legal and regulatory matters and our public filings with the SEC.

The Board's oversight of risk management includes full and open communications with management to review the adequacy and functionality of our risk management processes. In addition, the Board uses its committees to assist in its risk oversight responsibility as follows:

- The Audit Committee assists the Board in its oversight of the integrity of our financial reporting, compliance with applicable legal and regulatory requirements and oversees our internal controls and compliance activities. The Committee discusses our major financial risk exposures and certain contingent liabilities and the steps we have undertaken to monitor and control such exposures. It also meets privately with representatives from our independent registered public accounting firm;
- The Compensation Committee assists the Board in its oversight of risk relating to our assessment of our compensation policies and practices; and
- The Nominating and Corporate Governance Committee periodically discusses policies with respect to risk assessment and risk management, including appropriate guidelines and policies to govern the process.

### **Code of Business Conduct and Ethics**

We have adopted a code of business conduct and ethics that applies to all of our employees, officers and directors, including those officers responsible for financial reporting. The code of business conduct and ethics is available on our website at [www.everspin.com](http://www.everspin.com). We intend to disclose any amendments to the code, or any waivers of its requirements, on our website to the extent required by the applicable rules and exchange requirements. The inclusion of our website address in this proxy statement does not incorporate by reference the information on or accessible through our website into this proxy statement.

The Board of Directors documented the governance practices followed by the company by adopting the Corporate Governance Guidelines to assure that the Board will have the necessary authority and practices in place to review and evaluate the company's business operations as needed and to make decisions that are independent of the company's management. The guidelines are also intended to align the interests of directors and management with those of the company's stockholders. The Corporate Governance Guidelines set forth the practices the Board intends to follow with respect to Board composition and selection, Board meetings and involvement of senior management, Chief Executive Officer's performance evaluation and succession planning, and Board and committees compensation. The Corporate Governance Guidelines, as well as the charters for each committee of the Board, may be viewed at [www.everspin.com](http://www.everspin.com).

### **BOARD COMMITTEES AND MEETINGS**

Our Board of Directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. Our Board of Directors may establish other committees to facilitate the management of our business. The composition and functions of each committee are described below. Members serve on these committees until their resignation or until otherwise determined by our Board of Directors.

During the fiscal year ended December 31, 2018, our Board of Directors held 12 meetings. Our audit committee met seven times, our compensation committee met nine times, and the nominating and corporate governance committee met four times during 2018. Each of our directors attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and all committees of the Board on which such member served.

#### ***Audit Committee***

Our audit committee consists of Ronald C. Foster, Michael B. Gustafson, Peter Hébert and Geoffrey Ribar. The Chair of our audit committee is Mr. Foster, who our Board of Directors has determined is an "audit committee financial expert" as that term is defined under the SEC rules implementing Section 407 of the Sarbanes-Oxley Act of 2002, and possesses financial sophistication, as defined under the listing standards of The Nasdaq Global Market. Our Board of Directors has also determined that each member of our audit committee can read and understand fundamental financial statements in accordance with applicable requirements. In arriving at these determinations, the Board of Directors has

examined each audit committee member's scope of experience and the nature of their experience in the corporate finance sector. Our Board of Directors has adopted a written audit committee charter that is available to stockholders on our website at [www.everspin.com](http://www.everspin.com).

The primary purpose of the audit committee is to discharge the responsibilities of our Board of Directors with respect to our accounting, financial and other reporting and internal control practices and to oversee our independent registered public accounting firm. Specific responsibilities of our audit committee include:

- selecting a qualified firm to serve as the independent registered public accounting firm to audit our financial statements;
- helping to ensure the independence and performance of the independent registered public accounting firm;
- discussing the scope and results of the audit with the independent registered public accounting firm and reviewing, with management and the independent accountants, our interim and year-end operating results;
- developing procedures for employees to submit concerns anonymously about questionable accounting or audit matters;
- reviewing our financial statements and critical accounting policies and estimates;
- reviewing the adequacy and effectiveness of our internal controls;
- reviewing our policies on risk assessment and risk management;
- reviewing related-party transactions;
- obtaining and reviewing a report by the independent registered public accounting firm, at least annually, that describes our internal quality-control procedures, any material issues with such procedures and any steps taken to deal with such issues when required by applicable law; and
- approving (or, as permitted, pre-approving) all audit and all permissible non-audit services to be performed by the independent registered public accounting firm.

#### **Report of the Audit Committee of the Board of Directors**

On behalf of the Board of Directors, the Audit Committee oversees Everspin's financial reporting process for which management has responsibility. Ernst & Young LLP, our independent registered public accounting firm, was responsible for performing an independent audit of our consolidated financial statements and for expressing an opinion as to the conformity of the consolidated financial statements with accounting principles generally accepted in the United States of America. The audit committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2018, with management of our company. The audit committee has discussed with Ernst & Young LLP, the matters required to be discussed by Auditing Standard No. 1301, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board (the "**PCAOB**"). The audit committee has also received the written disclosures and the letter from Ernst & Young LLP as required by Rule 3526 of the PCAOB, *Communications with Audit Committees Concerning Independence*, and has discussed with Ernst & Young LLP their independence. Based on the foregoing, the audit committee has recommended to the Board of Directors that the audited financial statements be included in the company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018.

Mr. Ronald C. Foster (Chair)  
Michael B. Gustafson  
Peter Hébert  
Geoffrey Ribar

### **Compensation Committee**

Our compensation committee consists of Michael B. Gustafson, Darin Billerbeck, Geoffrey Ribar and Stephen J. Socolof. The Chair of our compensation committee is Mr. Gustafson. Lawrence G. Finch served on the compensation committee until August 2018, when Mr. Billerbeck joined the Board and compensation committee. All members of our compensation committee during 2018 are independent, as independence is currently defined in Nasdaq listing standards. Our Board of Directors has adopted a written compensation committee charter that is available to stockholders on our website at [www.everspin.com](http://www.everspin.com).

The primary purpose of our compensation committee is to discharge the responsibilities of our Board of Directors to oversee our compensation policies, plans and programs and to review and determine the compensation to be paid to our executive officers, directors and other senior management, as appropriate. Specific responsibilities of our compensation committee include:

- reviewing and approving, or recommending that our board of directors approve, the compensation of our executive officers;
- reviewing and recommending to our board of directors the compensation of our directors;
- reviewing and approving, or recommending that our board of directors approve, the terms of compensatory arrangements with our executive officers;
- administering our stock and equity incentive plans;
- selecting independent compensation consultants and assessing whether there are any conflicts of interest with any of the committees compensation advisers;
- reviewing and approving, or recommending that our board of directors approve, incentive compensation and equity plans, severance agreements, change-of-control protections and any other compensatory arrangements for our executive officers and other senior management, as appropriate; and
- reviewing and establishing general policies relating to compensation and benefits of our employees and reviewing our overall compensation philosophy.

#### *Compensation Committee Processes and Procedures*

Typically, the compensation committee meets at least two times annually and with greater frequency if necessary. The compensation committee met nine times during 2018. The agenda for each meeting is usually developed by the Chair of the compensation committee. The compensation committee meets regularly in executive session. However, from time to time, various members of management and other employees as well as outside advisors or consultants may be invited by the compensation committee to make presentations, to provide financial or other background information or advice or to otherwise participate in compensation committee meetings. The Chief Executive Officer may not participate in, or be present during, any deliberations or determinations of the compensation committee regarding his compensation or individual performance objectives. The charter of the compensation committee grants the compensation committee full access to all our books, records, facilities and personnel. Under the charter, the compensation committee may form, and delegate authority to, subcommittees as appropriate.

In addition, under the charter, the compensation committee has the authority to obtain, at the expense of Everspin, advice and assistance from compensation consultants and internal and external legal, accounting or other advisors and other external resources that the compensation committee considers necessary or appropriate in the performance of its duties. The compensation committee takes into consideration factors prescribed by the SEC and Nasdaq that bear upon the adviser's independence; however, there is no requirement that any adviser be independent. The compensation committee has direct responsibility for the oversight of the work of such consultants or advisers.

During the past year, the compensation committee engaged Radford, an Aon Hewitt Company, as its independent compensation consultant. The compensation committee requested that Radford:

- evaluate the efficacy of our existing compensation strategy and practices in supporting and reinforcing our long-term strategic goals;
- assist in refining our compensation strategy and in developing and implementing an executive compensation program to execute that strategy; and
- assist in developing our non-employee director compensation plan.

In addition, as part of its engagement, Radford was requested by the compensation committee to develop a comparative group of companies and to perform analyses of competitive performance and compensation levels for that group. Although our Board and compensation committee consider the advice and recommendations of such independent compensation consultants as to our executive and non-employee director compensation program, the Board and compensation committee ultimately make their own decisions regarding these matters.

#### ***Nominating and Corporate Governance Committee***

Our nominating and corporate governance committee consists of Darin Billerbeck, Lawrence G. Finch, Peter Hébert and Geoffrey R. Tate. The Chair of our nominating and corporate governance committee is Mr. Billerbeck. Our Board of Directors has adopted a written nominating and corporate governance committee charter that is available to stockholders on our website at [www.everspin.com](http://www.everspin.com). Specific responsibilities of our nominating and corporate governance committee include:

- identifying, reviewing and evaluating nominees for election to our Board of Directors;
- evaluating the performance of our management and our Board of Directors, including Board committees;
- considering and making recommendations to our Board of Directors regarding the chairmanship and membership of the committees of the Board of Directors;
- considering instituting a plan or program for the continuing education of directors.
- Developing a set of corporate governance principles and periodically reviewing and assessing these corporate governance principles;
- overseeing and reviewing the processes and procedures used by Everspin to provide information to the Board and its committees;
- reviewing management succession plans; and
- reviewing, discussing and assessing its own performance at least annually, and periodically reviewing and assessing the adequacy of its charter.

The nominating and corporate governance committee believes that candidates for director should have certain minimum qualifications, including the ability to read and understand basic financial statements, being over 21 years of age and having strong personal integrity and ethics. The nominating and corporate governance committee also intends to consider such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of the company, demonstrated excellence in his or her field, having the ability to exercise sound business judgment and having the commitment to rigorously represent the long-term interests of the company's stockholders. However, the nominating and corporate governance committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the

current composition of the Board, the operating requirements of the company and the long-term interests of stockholders. In conducting this assessment, the nominating and corporate governance committee typically considers diversity, skills and such other factors as it deems appropriate, given the current needs of the Board and the company, to maintain a balance of knowledge, experience and capability.

In the case of incumbent directors whose terms of office are set to expire, the nominating and corporate governance committee reviews these directors' overall service to the company during their terms, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair the directors' independence. The committee also takes into account the results of the Board's self-evaluation, conducted annually on a group and individual basis. In the case of new director candidates, the nominating and corporate governance committee also determines whether the nominee is independent for Nasdaq purposes, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The nominating and corporate governance committee then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The nominating and corporate governance committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The nominating and corporate governance committee meets to discuss and consider the candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote.

#### *Nomination Process*

Our nominating and corporate governance committee is responsible for identifying, recruiting, evaluating and recommending to our Board of Directors nominees for membership on the Board of Directors and committees of our Board of Directors. The goal of this process is to maintain and further develop a highly qualified Board of Directors consisting of members with experience and expertise in areas of importance to our company. Candidates may come to our attention through current members of our Board of Directors, professional search firms, stockholders or other persons.

The nominating and corporate governance committee recommends to the Board of Directors for selection all nominees to be proposed by the Board of Directors for election by the stockholders, including approval or recommendation of a slate of director nominees to be proposed by our Board of Directors for election at each annual or special meeting of stockholders, and recommends all director nominees to be appointed by our Board of Directors to fill director vacancies. Our Board of Directors is responsible for nominating members for election to the Board of Directors and for filling vacancies on the Board of Directors that may occur between annual meetings of stockholders.

#### *Evaluation of Director Candidates*

In its evaluation of director candidates, the nominating and corporate governance committee will consider a candidate's skills, characteristics and experience taking into account a variety of factors, including the candidate's:

- understanding of our business, industry and technology;
- history with our company;
- personal and professional integrity;
- general understanding of marketing, finance and other disciplines relevant to the success of a publicly traded company;
- ability and willingness to devote the time and effort necessary to be an effective director;
- commitment to acting in the best interest of our company and its stockholders; and

- educational and professional background.

The nominating and corporate governance committee will also consider the current size and composition of the Board of Directors, the needs of the Board of Directors, its committees, and the potential independence of director candidates under relevant Nasdaq and SEC rules.

Although the Board of Directors does not maintain a specific policy with respect to board diversity, the nominating and corporate governance committee considers each candidate in the context of the membership of the Board as a whole, with the objective of including an appropriate mix of viewpoints and experience among members of the Board reflecting differences in professional background, education, skill and other individual qualities and attributes. In making determinations regarding nominations of directors, the nominating and corporate governance committee may take into account the benefits of diverse viewpoints to the extent it deems appropriate.

#### *Stockholder Recommendations for Nomination to the Board of Directors*

The nominating and corporate governance committee will consider properly-submitted stockholder recommendations for candidates for our Board. The nominating and corporate governance committee does not intend to alter the manner in which it evaluates candidates, including with respect to the criteria described above, based on whether or not the candidate was recommended by a stockholder.

Any stockholder recommendations proposed for consideration by the nominating and corporate governance committee should be in writing and delivered to Everspin Technologies, Inc., Attn: Investor Relations, 5670 W. Chandler Blvd., Suite 100, Chandler, Arizona 85226. Submissions must include the following information:

- full name and address of the proposed nominee;
- the number and class of our shares beneficially owned, directly or indirectly, by the proposed nominee;
- all information regarding the proposed nominee required to be disclosed in a proxy statement pursuant to Section 14(a) of the Exchange Act and the rules and regulations promulgated thereunder;
- the consent of the nominee to be named in the proxy statement and consent to serve as a director if elected; and
- a description of all material relationships, including (i) compensation and other material monetary agreements, arrangements and understandings during the past three years, between the proposed nominee and the stockholder making the proposal and (ii) any relationship between the proposing stockholder and the proposed nominee that would be required to be disclosed under the SEC's related party transactions disclosure rules if the proposing stockholder were a "registrant" under those rules.

In addition, any stockholder wishing to recommend a nominee to our Board of Directors will be required to complete a questionnaire regarding the proposed nominee, providing information regarding any arrangement or agreement with respect to such nominee's voting while a member of our Board of Directors and information regarding equity ownership of the company (including derivative ownership) by the proposing stockholder and the proposed nominee.

#### **COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

As noted above, our compensation committee consists of Mr. Gustafson, Mr. Billerbeck, Mr. Ribar and Mr. Socolof, and for a portion of 2018 Mr. Finch served on our compensation committee. None of the members of our compensation committee has at any time during the past three years been one of our officers or employees. None of our executive officers currently serves or in the prior three years has served as a member of the Board of Directors or compensation committee of any entity that has one or more executive officers serving on our Board of Directors or compensation committee.

## STOCKHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Stockholders wishing to communicate with our Board of Directors may send a written communication addressed to the Secretary at our principal executive offices. The Secretary will promptly forward the communication to the Board or member to whom it is addressed, as appropriate, unless it is unduly hostile, threatening, illegal or similarly unsuitable. Historically, we have not provided a formal process related to stockholder communications with the Board. Nevertheless, every effort has been made to ensure that the views of stockholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. The company believes its responsiveness to stockholder communications to the Board has been excellent.

## COMPENSATION OF NON-EMPLOYEE BOARD MEMBERS

All of our non-employee directors receive an annual retainer of \$48,000 and the chairperson of the audit committee receives an additional annual retainer of \$15,000.

Other than the annual retainers and chairperson of the audit committee fee, non-employee directors did not receive any cash fees in connection with their service on our Board in 2018. Each non-employee director may receive additional annual stock option grants or restricted stock unit grants as approved by the Compensation Committee at each annual stockholders' meeting. The annual stock options have an exercise price equal to the fair market value of our common stock on the date of grant and will vest monthly over one year from the date of grant. The restricted stock units vest in full one year after the date of grant. The Board granted annual equity awards in May 2018 to our non-employee directors (other than Messrs. Each of Mr. Billerbeck and Mr. Ribar received an initial grant of an option award for 30,000 shares upon joining the Board in August 2018 and December 2018, respectively.

We have a policy of reimbursing our directors for their reasonable out-of-pocket expenses in connection with attending Board of Directors and committee meetings.

## PROPOSAL 2

### RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of the Board of Directors has selected Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019, and has further directed us to submit the selection of this firm for ratification by the stockholders at the annual meeting. Representatives of Ernst & Young LLP are expected to be present at the annual meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our Bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm. However, the audit committee is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and the best interests of our stockholders.

#### Required Vote and Audit Committee and Board Recommendation

Approval of Proposal 2 requires the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the annual meeting. Abstentions will be counted toward the tabulation of votes cast on the proposal and will have the same effect as “Against” votes. Broker non-votes will have no effect on the outcome of the vote.

### THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS AND THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” PROPOSAL 2.

#### PRINCIPAL ACCOUNTANT FEES AND SERVICES

The following tables set forth the aggregate fees for professional services rendered by our principal accountants, Ernst & Young LLP (in thousands):

Audit-Related	—	—
Tax (2)	34	32
All Other	—	—
	\$ 739	\$ 885

- (1) The Audit fees consist of professional services in connection with the audit of our annual financial statements, including review of our quarterly financial statements presented in our Quarterly Reports on Form 10-Q and review of audited financial statements presented in our Annual Report on Form 10-K, irrespective of the period in which the related services were rendered or billed. This category also includes technical advice on various accounting matters related to the financial statements.
- (2) The Tax fees consist of professional services in connection with the preparation of our tax returns.

All fees described above were approved by the audit committee.

### **Pre-Approval Policies and Procedures**

Our audit committee has adopted a policy and procedures for the pre-approval of all audit and non-audit services to be rendered by our independent registered public accounting firm, Ernst & Young LLP. The audit committee was established in April 2016 and pre-approved all services in connection with our IPO and thereafter. Under the policy, the audit committee generally pre-approves specified services in defined categories up to specified amounts. Pre-approval may also be given as part of the audit committee's approval of the scope of the engagement of our independent registered public accounting firm or on a case-by-case basis for specific tasks before an engagement.

The audit committee has determined that the rendering of services other than audit services by Ernst & Young LLP is compatible with maintaining the principal accountant's independence.

## **PROPOSAL 3**

### **AMENDMENT TO CERTIFICATE OF INCORPORATION TO AMEND THE DIRECTOR REMOVAL PROVISION**

Currently, Article V.A.3. of our Certificate of Incorporation provides that, subject to any limitations imposed by applicable law, the Board of Directors or any individual director may be removed from office at any time (a) with cause by the affirmative vote of the holders of a majority of the voting power of all of our then-outstanding shares of capital stock entitled to vote generally at an election of directors or (b) without cause by the affirmative vote of the holders of at least sixty-six and two-thirds percent (66 2/3%) of the voting power of all of our then-outstanding shares of the capital stock entitled to vote generally at an election of directors.

In response to a stockholder's concern about the validity of the 66 2/3% vote requirement to remove a director without cause, the Board of Directors and our nominating and corporate governance committee reviewed the provision from a legal and policy perspective. Our Board of Directors believes that the current charter provision complies with Delaware law. Nonetheless, in light of evolving practices and stockholder input, our Board of Directors has determined that it is in the best interests of Everspin and its investors to seek to amend the supermajority director removal provision

We are seeking stockholder approval to amend and restate Article V.A.3. of the Certificate of Incorporation to provide that, subject to any limitations imposed by applicable law, the Board of Directors or any individual director may be removed from office at any time, with or without cause, by the affirmative vote of the holders of a majority of the voting power of all of our then-outstanding shares of capital stock entitled to vote generally at an election of directors. In other words, we are seeking to remove the higher voting standard for removal without cause.

### **Effect of the Amendment**

Having higher stockholder removal requirements for directors may make it more difficult for stockholders to replace one or more members of our Board of Directors. Further, because we do not have a classified board, stockholders may seek to challenge the validity of this higher voting threshold under the Delaware General Corporation Law. Given these considerations, the Board has determined that it is in the best interests of Everspin and its stockholders that the Certificate of Incorporation be amended to remove the super-majority voting standard for stockholders to remove directors other than for cause.

### **Language of Proposed Amendment**

If approved, the amendment would enable us to amend and restate Article V.A.3. of our Certificate of Incorporation as follows:

**“3. Removal of Directors.** Subject to any limitations imposed by applicable law, the Board of Directors or any individual director may be removed from office at any time with or without cause by the affirmative vote of

the holders of a majority of the voting power of all the then-outstanding shares of capital stock of the corporation entitled to vote generally at an election of directors.”

**Effect on Bylaws**

The Board has approved a change to our Bylaws, contingent on the effectiveness of the proposed amendment to the Certificate of Incorporation, which would cause Section 20 of our Bylaws, which governs removal of directors and is consistent with Article V.A.3. of our Certificate of Incorporation as currently in effect, to read as follows:

**“Section 20. Removal.**

Subject to any limitations imposed by applicable law, the Board of Directors or any individual director may be removed from office at any time with or without cause by the affirmative vote of the holders of a majority of the voting power of all the then-outstanding shares of capital stock of the corporation entitled to vote generally at an election of directors.”

**Required Vote and Board of Directors Recommendation**

The affirmative vote of at least sixty-six and two-thirds percent (66-2/3%) of the issued and outstanding shares of our common stock is required to approve the amendment to the Certificate of Incorporation as described above.

If our stockholders approve the proposed amendment to the Certificate of Incorporation, it will become effective upon filing with the Secretary of State of the State of Delaware of a certificate setting forth the amendment, which we anticipate doing as soon as practicable following stockholder approval.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” PROPOSAL 3.**

### 2018 and 2017 Executive Officer Compensation

In reviewing this section, please note that we are an emerging growth company and under the JOBS Act are not required to provide a “Compensation Discussion and Analysis” of the type required by Item 402 of Regulation S-K. The disclosure in this section is intended to supplement the SEC-required disclosure and it is not a Compensation Discussion and Analysis.

### Objectives and Philosophy of Our Executive Compensation Program

We recognize that our ability to excel as a company depends on the integrity, knowledge, imagination, skill, diversity and teamwork of our Named Executive Officers and employees. To this end, we strive to create an environment of mutual respect, encouragement and teamwork that rewards commitment and performance and that is responsive to the needs of our Named Executive Officers and employees.

### Compensation Committee Processes and Role in Determining Executive Compensation

The compensation committee of our Board of Directors is tasked with, among other things, setting compensation for our executive officers, including the Named Executive Officers identified above, evaluating and recommending

compensation plans and programs to our Board of Directors and awards under those plans, and administering our incentive and equity-based compensation plans. Various members of management and other employees as well as outside advisors or consultants are invited from time to time by the compensation committee to make presentations, to provide financial or other background information or advice or to otherwise participate in meetings. Members of our executive management team advise and inform the compensation committee regarding potential company-wide and individual performance objectives with respect to incentive compensation plans, and provide evaluations of the achievements of employees under their respective supervision.

### ***Components of Our Executive Compensation Program***

The individual components of our executive compensation program consist primarily of: (a) base salary, (b) annual, performance-based bonuses, (c) long-term equity incentives and (d) retirement savings opportunities and various other employee benefits. In addition, we provide protection for post-termination benefits in certain instances. We determine the appropriate level for each compensation component based in part, but not exclusively, on our understanding of the market in which we compete for talent, the unique skills and experience of our Named Executive Officers, the length of service of our Named Executive Officers, our overall performance and other considerations we deem relevant. We expect our compensation committee to make compensation decisions that are consistent with our recruiting and retention goals. We review each compensation component for internal equity and consistency between Named Executive Officers with similar levels of responsibility.

Each of the individual components of our Named Executive Officers' compensation is discussed in more detail below. We do not currently have any specific policies for allocating compensation between short- and long-term compensation or cash and non-cash compensation, although our strategy is to tie a greater percentage of total compensation to stockholder returns through the use of equity incentives. While we have identified particular compensation objectives that each component of our Named Executive Officers' compensation serves, our compensation programs are designed to be flexible and complementary and to collectively serve all of the compensation objectives described above.

### ***Base Salary***

Base salaries for our Named Executive Officers are determined by members of our compensation committee and other members of our Board based on their experience and review of industry surveys. Salaries are reviewed by our compensation committee on a periodic basis and may be adjusted from time-to-time. The 2018 annual base salaries for our named executive officers were established at \$400,000 for Mr. Conley, \$270,400 for Mr. Winzeler (increased from \$260,000 effective March 1, 2018), and \$275,000 for Ms. Flaig (increased from \$250,000 effective March 1, 2018).

### ***Annual Performance-Based Bonuses***

Annual performance-based bonuses for our Named Executive Officers are designed to align their interests with the interests of our stockholders.

For 2018, Mr. Conley, Ms. Flaig and Mr. Winzeler were eligible to receive performance awards based on a target opportunity expressed as a percent of base salary (65% of base salary for Mr. Conley, 82% of base salary for Ms. Flaig, and 40% of base salary for Mr. Winzeler). The amount payable to each named executive officer is based on the attainment of pre-established corporate performance goals, which is subject to the discretion of the compensation committee, and the full Board in the case of our Chief Executive Officer; *provided, however*, that for 2017 Mr. Conley's and Ms. Flaig's bonuses were guaranteed at target, prorated for the respective periods during which they were employed by us in 2017. At the beginning of each year, the Board in consultation with the Chief Executive Officer establishes corporate objectives that it believes are the most significant goals for the company in the upcoming year that are critical to the success of the company in the short and long-term. The company does not disclose the specific goals as they contain competitively sensitive information. The performance awards actually paid are set forth in the Summary Compensation Table above under "Non-Equity Incentive Plan Compensation."

### Long-Term Equity Incentives

We believe that the achievement of our business and financial objectives should be reflected in the value of our equity, thereby increasing stockholder value. To that end, our Named Executive Officers will be incentivized to achieve these objectives when a larger percentage of their total compensation is tied to the value of our shares. We believe that granting our Named Executive Officers stock options provides a meaningful incentive to achieve increases in the value of our stock price over time, as they will be able to profit from stock options only if our stock price increases relative to the stock option's exercise price. In addition, we believe that granting restricted stock units (RSUs) subject to vesting conditions provides a meaningful incentive to achieve increases in the value of our stock price over time, as they will be able to profit from the increase in the value of the shares underlying the RSU and because, as vesting is based on continued employment, our RSUs also encourage the retention of our Named Executive Officers through the vesting period of the RSUs. In determining the size and vehicle (options vs. RSUs vs. other award type) of the long-term equity incentives to be awarded to our Named Executive Officers, the compensation committee takes into account a number of factors, such as job scope, the value of existing long-term incentive awards, individual performance history, prior contributions to the company and the size of prior equity grants.

During 2018, the compensation committee did not make any equity award grants to Mr. Conley or Ms. Flaig, but did reprice certain of the stock options held by these executive officers, the value of which repricing is set forth in the Summary Compensation Table above under "Stock Options." During 2018, the compensation committee granted to Mr. Winzeler a restricted stock award to acquire 10,000 shares, and a stock option to purchase 40,000 shares with an exercise price equal to the fair market value of a share of our common stock on the date of grant.

### Outstanding Equity Awards

## **Employee Benefits**

We provide standard employee benefits to our full- and part-time employees, including our Named Executive Officers, in the United States (in the case of part-time, those that work 30 or more hours per week), including health, disability and life insurance and a 401(k) plan as a means of attracting and retaining our executives and employees.

## **Tax Considerations**

As part of its role, prior to 2018 the Compensation Committee reviewed and considered the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which prior to our fiscal year 2018 provided that we may deduct compensation of more than \$1,000,000 that is paid to certain executive officers if certain exemption requirements are met. However, for our fiscal year 2018 and after, this availability is generally no longer available, subject to certain “grandfathering” provisions. To maintain flexibility in compensating our executive officers in a manner that promotes varying corporate goals, the Compensation Committee has not adopted a policy that all compensation must be deductible.

## **Pension Benefits**

We do not maintain any defined benefit pension plans.

## **Non-qualified Deferred Compensation**

We do not maintain any non-qualified deferred compensation plans.

## **Executive Employment/Severance Agreements**

We extended Executive Employment Agreements to each of our Named Executive Officers in connection with their employment. The letters generally provide for at-will employment and set forth the named executive officer’s initial base salary, initial equity grant amount and eligibility for employee benefits. In addition, each of our Named Executive Officers has executed a form of our standard confidential information and invention assignment agreement.

## ***Kevin Conley***

Mr. Conley became our President and Chief Executive Officer effective September 1, 2017. In connection with Mr. Conley’s appointment as President and Chief Executive Officer, we entered into an Executive Employment Agreement with Mr. Conley pursuant to which Mr. Conley receives a base salary of \$400,000 per year and is eligible for an annual target bonus equal to 65% of his annual base salary, with a guaranteed minimum of \$260,000 for 2017, pro rated for the period of employment in 2017. His eligibility for such annual bonus and the amount of such annual bonus in 2018 and thereafter will be determined by the Board in its sole discretion based upon Everspin’s and Mr. Conley’s achievement of objectives and milestones to be determined on an annual basis by the Board in consultation with Mr. Conley. Mr. Conley received a one-time sign on bonus of \$50,000, which he must pay back if he resigns without good reason within twelve months of his employment start date. Mr. Conley also received options to purchase 400,000 shares of Everspin’s common stock and restricted stock units for 10,000 shares of Everspin’s common stock.

Mr. Conley’s Executive Employment Agreement provides for certain severance benefits if his employment is terminated without cause or if he resigns for good reason. If Mr. Conley’s employment is terminated without cause or he resigns for good reason, and Mr. Conley signs a liability release in favor of Everspin and allows it to become effective, Mr. Conley will be entitled to: (i) continuation payments over a twelve month severance period of his twelve month base salary; (ii) payment by Everspin of COBRA premiums to continue health insurance coverage for himself and his eligible dependents for up to twelve months; and (iii) twelve months of accelerated vesting of Mr. Conley’s equity awards. In addition, if Mr. Conley’s employment is terminated without cause or he resigns for good reason within eighteen months of certain change-in-control events, the vesting of Mr. Conley’s equity awards will be fully accelerated.

### **Jeffrey Winzler**

In April 2016, we entered into an Executive Employment Agreement with Mr. Winzler as our Chief Financial Officer pursuant to which Mr. Winzler received a base salary of \$200,000 per year, to be increased to \$230,000 upon the initial public offering of our common stock, and was eligible for an annual target bonus equal to 35% of his annual base salary. His eligibility for such annual bonus and the amount of such annual bonus in 2017 and thereafter will be determined by the Board in its sole discretion based upon Everspin's and Mr. Winzler's achievement of objectives and milestones to be determined on an annual basis by the Board .

Mr. Winzler's Executive Employment Agreement provides for certain severance benefits if his employment is terminated without cause or if he resigns for good reason. If Mr. Winzler's employment is terminated without cause or he resigns for good reason, and Mr. Winzler signs a liability release in favor of Everspin and allows it to become effective, Mr. Winzler will be entitled to: (i) continuation payments over a six month severance period of his then base salary; (ii) payment by Everspin of COBRA premiums to continue health insurance coverage for himself and his eligible dependents for up to six months; and (iii) six months of accelerated vesting of Mr. Winzler's stock options. In addition, if Mr. Winzler's employment is terminated without cause or he resigns for good reason within eighteen months of certain change-in-control events, the vesting of Mr. Winzler's equity awards will be fully accelerated.

### **Annie Flaig**

Ms. Flaig became our Senior Vice President of Worldwide Sales effective in May 2017. Her annual base salary may be adjusted annually, and her eligibility for annual bonuses and the amount of annual bonuses in 2018 and thereafter will be determined by the Board in its sole discretion. Ms. Flaig also received a one-time sign on bonus of \$50,000, which she must pay back if she resigns without good reason within twelve months of her employment start date. Ms. Flaig also received options to purchase 120,000 shares of Everspin's common stock.

Ms. Flaig's Executive Employment Agreement provides for certain severance benefits if her employment is terminated without cause or if she resigns for good reason. If Ms. Flaig's employment is terminated without cause or she resigns for good reason, and Ms. Flaig signs a liability release in favor of Everspin and allows it to become effective, Ms. Flaig will be entitled to: (i) continuation payments over a six month severance period of her twelve month base salary plus \$50,000 (continuation payments over a twelve month severance period of her twelve month base salary if Everspin terminates her employment without cause or if she resigns for good reason within twelve months of her employment start date); (ii) payment by Everspin of COBRA premiums to continue health insurance coverage for herself and her eligible dependents for up to six months (twelve months if Everspin terminates her employment without cause or if she resigns for good reason within twelve months of her employment start date); and (iii) six months of accelerated vesting of Ms. Flaig's equity awards (twelve months if Everspin terminates her employment without cause or if she resigns for good reason within twelve months of her employment start date). In addition, if Ms. Flaig's employment is terminated without cause or she resigns for good reason within eighteen months of certain change-in-control events, the vesting of Ms. Flaig's equity awards will be fully accelerated. On November 8, 2018, we entered into a separation agreement with Ms. Flaig which provided that she would receive the benefits set forth in her Executive Employment Agreement as described above for termination without cause.

#### **SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the 1934 Act requires our directors and executive officers, and persons who own more than ten percent (10%) of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our Common Stock and other equity securities. Officers, directors and greater than ten percent (10%) stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file. To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required during the fiscal year ended December 31, 2018, all Section 16(a) filing requirements applicable to our reporting persons were made and made timely.

**SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS**

The following table provides certain information regarding our equity compensation plans in effect as of December 31, 2018:

Equity Compensation Plans	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants or Rights (a)	Weighted Average Exercise Price of Outstanding Options, Warrants or Rights (b)	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities reflected in Column (a)) (c)
Approved by Stockholders (1)	1,568,859	\$ 7.15	1,033,534
Not Approved by Stockholders	—	—	—
	1,568,859	7.15	1,033,534

(1) The number of shares remaining available for future issuance includes 764,145 shares available under our 2016 Equity Incentive Plan, or 2016 Plan, and 269,389 shares available under our 2016 Employee Stock Purchase Plan, or 2016 ESPP. As of February 15, 2019, a total of 440,344 shares remained available for future issuance under the 2016 ESPP. The maximum number of shares subject to purchase rights under the 2016 ESPP is a function of stock price and total employee contributions. As such, Everspin cannot reasonably determine the number of shares subject to purchase rights as of February 15, 2019, and such shares are not reflected in the amount subject to rights outstanding. The weighted average exercise price of outstanding options, warrants and rights includes 93,560 shares subject to RSUs, which have no exercise price. The weighted average exercise price of outstanding options, excluding the RSUs, was \$7.60.

The number of shares of common stock reserved for issuance under the 2016 Plan automatically increases on January 1 of each year through and including January 1, 2026, by 3% of the total number of shares of our capital stock outstanding on December 31 of the preceding calendar year, or a lesser number of shares determined by our Board of Directors.

The number of shares of common stock reserved for issuance under the 2016 ESPP automatically increases on January 1 of each year through and including January 1, 2026, by 1% of the total number of shares of our capital stock outstanding on December 31 of the preceding calendar year, or a lesser number of shares determined by our Board of Directors.

**CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**

The following is a description of transactions since January 1, 2017, to which we have been a party, in which the amount involved exceeds \$120,000, and in which any of our directors, executive officers or beneficial holders of more than 5% of our common stock, or an affiliate or immediate family member thereof, had or will have a direct or indirect material interest:

**Agreements with GLOBALFOUNDRIES**

We have entered into a joint development agreement and a manufacturing agreement with GLOBALFOUNDRIES Inc. (GLOBALFOUNDRIES).

***ST-MRAM Joint Development Agreement***

On October 17, 2014, we entered into a joint development agreement with GLOBALFOUNDRIES for the joint development of our ST-MRAM technology. The term of the agreement is the later of four years from the effective date or until the completion, termination, or expiration of the last statement of work entered into pursuant to the joint development agreement.

The joint development agreement also states that the specific terms and conditions for the production and supply of the developed MRAM technology would be pursuant to a separate manufacturing agreement entered into between the parties. See “—ST-MRAM Manufacturing Agreement” below.

Under the joint development agreement, each party granted licenses to its relevant intellectual property to the other party. For certain jointly developed works, the parties have agreed to follow an invention allocation procedure to determine ownership. In addition, GLOBALFOUNDRIES possesses the exclusive right to manufacture our discrete and embedded spin torque MRAM devices developed pursuant to the agreement until the earlier of three years after the qualification of the MRAM device for a particular technology node or four years after the completion of the relevant statement of work under which the device was developed. For the same exclusivity period associated with the relevant device, GLOBALFOUNDRIES agreed not to license intellectual property developed in connection with the agreement to named competitors of ours.

Generally, unless otherwise specified in the agreement or a statement of work, we and GLOBALFOUNDRIES share defined project costs equally under the joint development agreement. If GLOBALFOUNDRIES manufactures, sells or transfers wafers containing production qualified MRAM devices that utilized certain Everspin design information to its customers, GLOBALFOUNDRIES will pay royalties to us for each such wafer transferred or sold to a customer.

Except for breaches of confidentiality provisions and each party’s indemnification obligations to one another under the agreement, liability under the agreement is capped at a range depending on project costs and royalty amounts. Either party may terminate the agreement if the other party materially breaches a term of the agreement, and fails to remedy the breach after receiving notice from the non-breaching party. If a party terminates the manufacturing agreement for material breach in accordance with its terms, that party may also terminate the joint development agreement.

On May 27, 2016, we entered into an amendment to the joint development agreement to modify the payment schedule and to redefine responsibilities specific to Everspin projects. Under the amendment, GLOBALFOUNDRIES may terminate the joint development agreement with us if we materially breach a term of the agreement, such as, but not limited to, by our failing to pay any undisputed sum which has been outstanding for 45 or more days from the date of invoice, and fail to remedy the breach within 60 days after receiving notice from GLOBALFOUNDRIES, or if we failed to pay project costs by December 15, 2016. Such project costs were paid in December 2016.

In October 2018, we entered into the third amendment to the joint development agreement. The third amendment was effective as of January 1, 2018 and extended the term of the joint development agreement until December 2019. This extended agreement also modified our payment obligations for certain ongoing project costs.

#### ***ST-MRAM Manufacturing Agreement***

On October 23, 2014, we entered into a manufacturing agreement with GLOBALFOUNDRIES Singapore Pte. Ltd. that sets forth the specific terms and conditions for the production and supply of wafers manufactured using our spin torque MRAM technology developed under the joint development agreement with GLOBALFOUNDRIES. Pursuant to that joint development agreement, GLOBALFOUNDRIES possesses certain exclusive rights to manufacture such wafers for our discrete and embedded spin torque MRAM devices. Our manufacturing agreement with GLOBALFOUNDRIES includes a customary forecast and ordering mechanism for the supply of certain of our wafers, and we are obligated to order and pay for, and GLOBALFOUNDRIES is obligated to supply, wafers consistent with the binding portion of our forecast. GLOBALFOUNDRIES also has the ability to discontinue its manufacture of any of our wafers upon due notice and completion of the notice period. The initial term of the manufacturing agreement is for three years, which automatically renews for successive one year periods thereafter unless either party provides sufficient advance notice of non-renewal.

Except for breaches of confidentiality provisions and each party’s indemnification obligations to one another under the agreement, liability under the agreement is capped at the lesser of a set amount or the total purchase price received by GLOBALFOUNDRIES from us in the twelve months immediately preceding the claim for the specific product that caused the damages. Either party may terminate the agreement if the other party materially breaches a term of the

agreement, and fails to remedy the breach after receiving notice from the non-breaching party. GLOBALFOUNDRIES may terminate the agreement if we fail to pay any undisputed sum which has been outstanding for sixty or more days from the date of invoice.

### **Policies and Procedures for Related Party Transactions**

Our Board of Directors has adopted a written related-person transaction policy setting forth the policies and procedures for the review and approval or ratification of related person transactions. This policy covers, with certain exceptions set forth in Item 404 of Regulation S-K under the Securities Act, any transaction, arrangement or relationship, or any series of similar or related transactions, arrangements or relationships in which we were or are to be a participant, where the amount involved exceeds \$120,000 and a related person had or will have a direct or indirect material interest, including, without limitation, purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness and employment by us of a related person.

In considering related-person transactions, our audit committee (or other independent body of our Board of Directors) will take into account the relevant available facts and circumstances including, but not limited to, the risks, costs and benefits to us, the terms of the transaction, the availability of other sources for comparable services or products and, if applicable the impact on a director's independence in the event that the related person is a director, immediate family member of a director or an entity with which a director is affiliated.

### **CERTAIN MATTERS RELATING TO PROXY MATERIALS AND AVAILABLE INFORMATION**

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy materials and annual reports with respect to two or more stockholders sharing the same address by delivering a single set of proxy materials addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Everspin stockholders will be "householding" our proxy materials, including the Notice. A single Notice and, if applicable, a single set of proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate Notice and, if applicable, other proxy materials, please notify your broker or direct your written or oral request to Computershare, Inc., 211 Quality Circle, Suite 210, College Station, TX 77845, telephone number 800-736-3001. You may also direct a written or oral request for the separate Notice and, if applicable, other proxy materials to: Everspin Technologies, Inc., Attn: Investor Relations, 5670 W. Chandler Blvd., Suite 100, Chandler, Arizona 85226, telephone number (480) 347-1111. Upon receipt of a written or oral request as set forth above, we will promptly deliver to you a separate Notice and if applicable, other proxy materials. Stockholders who currently receive multiple copies of the Notice and, if applicable, other proxy materials at their address and would like to request "householding" of their communications should contact their broker or Computershare Investor Services.
